DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The cause of the wrong treatment, but probably worse, is a wrong medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that a disease known is half cured. Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system. As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a day. Easy to take as candy.

FLIES STOPPED A TRAIN.

A few days ago the Grand Trunk flyer going east was in hard luck. At Napanee the steam box on the big engine got over-worked, or something, and refused to continue the journey. The timely arrival of a freight train helped. The cars were shunted to a siding and the freight engine brought into commission on the express-taking it as far as Brockville, when another large engine was secured.
When about 20 miles out of Cornwall it ran into a sea of peculiar flies. There were millions of them—perhaps billions, but the train was going so fast it was impossible to count them. The cars became quite dark as the train plowed through the mass of insects, and then the train came to another sudden stop. The engine was full of flies. The flies were ground into a mass in the driving rod. They were in everything on the engine.

The train had been plowing through the flies at a mile a minute for several miles. The track was covered with crushed insects and the engine wheels crashed at going round on it. After a little persuasion and a lot of cleaning up the train went upon its way again.
On arrival at Montreal the engine presented a truly curious spectacle. The bars of the overcatcher were filled right up with flies. On front of the engine they were several inches thick.

CHILD BEATEN BY NEGRO.
Dragged into the woods near Hillsdale, D. C., and beaten into insensibility by a black thug who failed to accomplish his purpose, 7-year-old Emma Haas lies at her home, in a critical condition. Accused of attempting criminal assault, William Sothern, colored, is under heavy guard in the Anacostia precinct station.
The little child was going from the grocery in Hillsdale about 4 o'clock to the home of her father, George Haas, a baker, when a negro sprang upon her, carried her 150 yards off the Saeridan road and into the woods. After some minutes had elapsed an old negro saw the child dragging herself from the undergrowth. A few minutes later a man whom the negro says was Sothern emerged.
The woman immediately notified the child's father. Examination showed that the child's clothes had been literally torn from her back, and the little body bore the scratches of many briars. Later the negro was arrested.

SALOONS OUT OF BUSINESS.
The new state and municipal license year began in West Virginia yesterday, and about 150 saloons in dry counties were compelled to quit business, the result being the loss of \$150,000 state fees and half as much more to the municipalities.

West Union, the county seat of Doddridge county, is without a drug store, the county refusing to grant a license, because the druggists are suspected of selling liquor. Fairmont, one of the largest towns in the state, is dry, and on account of the wrangle resulting a quorum of the city council could not be secured to grant druggist, hotel, restaurant and other licenses, and such places will be compelled to close or take their chance of prosecution and heavy fines for conducting their business in violation of law.

Complications in many parts of the state are reported as the result of refusals to grant licenses.

BOY KILLED BY TRAIN.
While standing close by the railroad track as a Baltimore and Ohio passenger train was passing, Master Ralph King, the six-year-old son of Rev. Albert King, of Corbell's Addition, a suburb of Hagerstown, Md., was yesterday drawn in by the section. A step of the rear coach struck him and his skull was fractured, death resulting in half an hour.

ing two of his brothers, young King had been playing at the stable at his father's home. When they heard the whistle of the engine drawing the approaching train they ran down to the track to watch it pass. The unfortunate lad got closer than he thought, and the section drew him against the train with fatal results.
